

More than just Plastic Coatings

introduction

Plastic Coatings is the leading coating specialist focused on world class solutions and services.

For more than sixty years Plastic Coatings Ltd has been the leading coating specialist, focused on world class solutions & services.

We offer the widest range of coating materials including Thermoset & Thermoplastic Polymers, Fluoropolymers, Electrophoretic or E-Coat Paint, Primers etc.

Our reputation, expertise and resources for coating are second to none. Supported by world class quality systems including ISO/TS 16949 we have grown into the business we are today. We now offer so much more than just plastic coating across a wide variety of industries from automotive to aerospace, offshore to medical.

Whatever you require contact our experts to discuss the most effective and efficient solution to your individual requirements.

aerospace

automotive

medical & furniture

offshore & energy

small parts, studs & nuts

...the experts in finishing

Coating Guide

more than just plastic coatings...

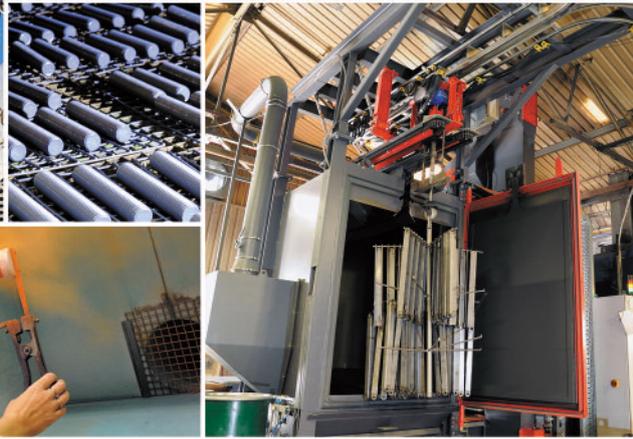

Coating Materials:

- Thermoset and Thermoplastic
- Polyester
- Nylon
- PVC
- LDPE
- Performance Polymer Alloy (PPA)
- Talisman
- Fluoropolymers
- PTFE
- FBE
- Molykote (MoS2)
- Ep Paint (Black)

Coating Applications:

- Corrosion protection
- Chemical protection
- Anti-bacterial protection
- Decorative finishes
- Impact resistance
- Electrical insulation
- Non-stick
- Dry lubricant
- Anti-squeak

Coating Process:

- Electrophoretic Painting
- Electrostatic Powder Coating
- Dip Coat (Powder & wet)
- Spray Coat (PTFE, FBE etc)
- Supported by a range of in-house pre-treatments including, phosphate and gritblasting processes

Other Process:

- Shot Peening
- Stress relieving

Our own fleet of hgv vehicles are available for collection and delivery of customer's products

Quality & Approvals

We are proud of working with many blue chip organisations and have acquired their quality approvals and we are constantly investing in processes, systems, plant and people to keep us at the very top of our industry.

Customer approvals:

Quality & other approvals:

- ISO 9001
- ISO/TS 16949
- AS 9100
- ISO 14001
- OHSAS 18001
